

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

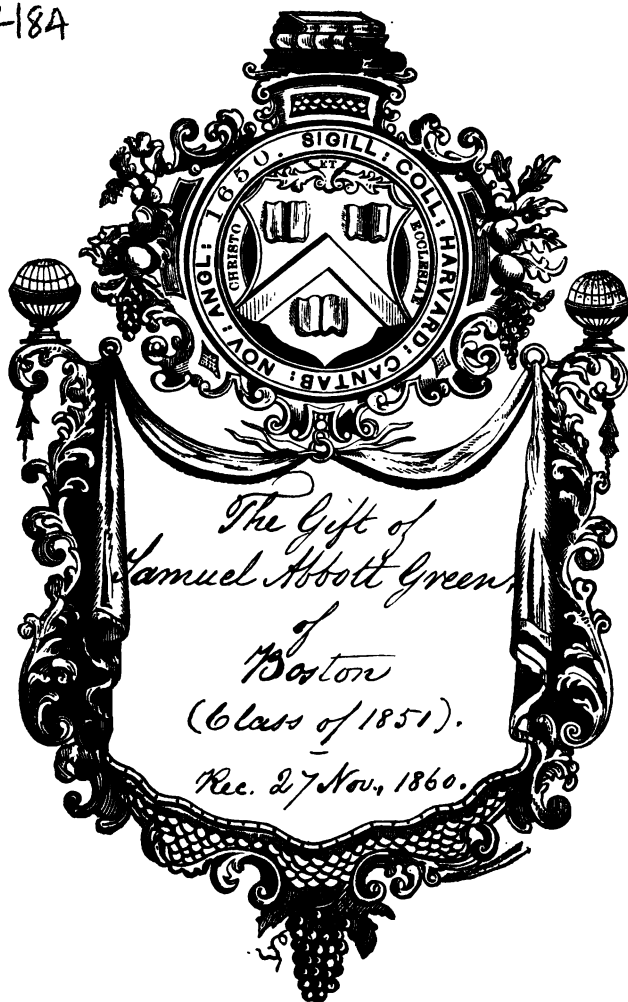

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

CHICAGO AGRICULTURAL WORKS,

WAREHOUSE, AND SEED STORE,
45 FRANKLIN STREET, CHICAGO

THE large and increasing demand for good AGRICULTURAL IMPLEMENTS and MACHINERY and SEEDS, in the Great West and North-West, has induced the Subscriber to locate himself in Chicago, the more readily to meet the wants of the people, without their being subject to so much delay and risk in sending to the East for their Machines. Among my assortment will be found a full supply of the celebrated

EMERY'S PATENT HORSE POWERS,

threshers, Separators, Circular and Cross-Cut Saws, Power Corn Shellers, Fanning Mills, &c.

WARRANTY, CAPACITY, ECONOMY, &c.—The Two Horse Power and Thresher, as represented above, is capable, with three or four men, of threshing from 175 to 225 bushels of wheat or rye, and the One Horse Power, from 75 to 125 bushels of wheat or rye; or both kinds of powers, &c., are capable of threshing double that amount of oats, barley, or buckwheat, per day, of ordinary fair yield. If the crops be extraordinarily heavy or light, greater or less results will follow.

PLOWS, of all the most approved kinds, for Prairie and other culture; Cultivators; Harrows, assorted kinds; Grain Drills and Seed Planters; Field and Garden Rollers;

Wheel Cultivators---Ides', Rodgers', and others.

FOR THE STOCK RAISER, THE "LITTLE GIANT," AND OTHER FEED MILLS.

BOILERS & FURNACE, for Cooking & Steaming Food, VEGETABLE CUTTERS, &c.

Among the assortment of HAYING and HARVESTING TOOLS, will be found MOWING and REAPING MACHINES, of best kinds, both combined and single; HORSE and HAND RAKES; CRADLES, SCYTHES, SNATHS, SICKLES, HOOKS, HAY FORKS, STONES, RIFLES, &c.

EMERY'S PORTABLE CIDER MILL AND PRESS.

THE SEED DEPARTMENT

Will embrace a full and complete assortment of GARDEN SEEDS, that will be new and genuine. GRASS SEEDS and FIELD GRAINS, of improved and new kinds.

The Public are invited to call and examine my Stock before purchasing elsewhere.

Having a large and commodious Warehouse, I will give attention to the Receiving and Disposing of SEEDS, GRAIN, and PRODUCE generally, on Commission.

Full Catalogues furnished gratis on application.

Liberal Discounts to the Trade.

HENRY D. EMERY, 45 Franklin Street, Chicago.

INTRODUCTORY.

It occurred to the Publisher of the "Chicago Directory," while compiling that work for last year, that a publication of a similar nature, devoted to the North-Western Counties of the State, would be of great utility to the business men, not only of this, but of other Cities in the East, in the habit of transacting business with the Merchants of the Great West. Under this impression, the necessary canvass for that purpose was begun in the month of May last, and neither labor nor expense has been spared to render the work as complete as possible. The result is now brought before the Public, and it is hoped the project may meet with an amount of support from those for whose use it was principally undertaken—such as will justify the Publishers in carrying out their intention of publishing, next season—

A GAZETTEER OF THE ENTIRE STATE.

The Publishers cannot conclude these brief remarks without noticing, in an especial manner, the uniform kindness and assistance experienced by their representative in the several localities during the canvass; an attention it would be invidious to individualize when it was so generally manifested, and which it is hoped will but prove the introduction to a more lasting acquaintance.

189 LAKE STREET, CHICAGO,

November, 1855.

AURORA.

This is one of the principal Towns in Kane County, and is very beautifully situated on the East and West banks of the Fox River, where an immense water power is obtained. The Aurora Branch of the G. & C. U. R. R. terminated here for some time; the Road is now fast progressing towards the Mississippi River, under the name of Chicago and Burlington Railroad. The citizens of Aurora enjoy more than usual commercial, social, and educational advantages, having eight churches, and several good public and private schools. There are two newspapers published here; one woollen factory in successful operation; one large flouring mill; several lumber yards, &c. Distant from Chicago 43 miles, and 122 miles N. E. from Springfield. Usual fare to Chicago, \$1.25. Population about 4500.

KANE COUNTY BARREL MANUFACTURING CO'Y,

HARRIS HOYT.

E. S. SMITH

BATAVIA,

ILLINOIS.

Having purchased the Right to Manufacture by

TRAPP'S PATENT BARREL MACHINERY,

IN KANE COUNTY, ILL., We take pleasure in announcing to the MILLERS, FARMERS, and MERCHANTS in Kane County and Vicinity, that we are now in operation and can furnish

FROM 100 TO 150 FLOUR BARRELS PER DAY,

and we hope in a short time to supply the full demand for that article. Owing to not having seasoned stock, we shall not be able to manufacture

Pork & Beef Barrels this Season;

but Farmers and Packers, by leaving their orders early next season, can be furnished with

AN ARTICLE FAR SUPERIOR TO THOSE MADE BY HAND.

BE SURE AND LEAVE YOUR ORDERS EARLY IN THE SEASON.

We shall also be prepared in the coming Spring to furnish an extra article of

BUTTER FIRKINS,

and would solicit the attention and orders of DAIRYMEN and BUTTER PACKERS.

WE DO NOT WISH TO PRAISE OUR WORK, FOR IT WILL SPEAK FOR ITSELF.

MAPLE BUTTER FIRKINS, 80 & 100 LBS.

PORK, BEEF, AND FLOUR BARRELS.

Persons wishing to contract stock will apply to HARRIS HOYT. Orders for Barrels and General Business, address "E. S. SMITH, Kane County Barrel Manufacturing Co."

Batavia, Kane Co., Illinois, Jan. 1st, 1855.

BEAVER,

Post village, Boone County, is situated on a creek of Rock River, 164 miles N. by E. from Springfield.

BELVIDERE,

The County town of the County of Boone, is situated on the North branch of Kishwaukee river, and on the line of the Galena and Chicago Union Railroad. Near the town site is a mound fifty rods long and about thirty rods wide, at an elevation of seventy feet above the bottom lands of Rock River; on the top of this mound is the Cemetery of an Indian called Big Thunder. He died about the period of the Sauk war, in 1831 or '32. Distant 78 miles west from Chicago, and 193 miles N. N. E. from Springfield. It is a flourishing town, containing about 3,500 inhabitants. Usual fare, \$2.35 from Chicago.

BOONE COUNTY.

Boone is one of the most Northern counties of the State. It is bounded on the North by Rock and Walworth Counties, Wisconsin; South by Kane; East by McHenry, and West by Winnebago County. Contains an area of 504 square miles. It was formed in 1837, from portions of Winnebago and McHenry Counties. The soil is fertile and well adapted to the agricultural productions common to this country. The timber is generally confined to the groves, but with occasional Oak Openings. It is watered by the Kishwaukee River, Beaver and Piskasaw Creeks. The Capital is Belvidere, situated on the Kishwaukee River, and on the Galena and Chicago Union Railroad

CHERRY VALLEY, (See BUTLER.)

CHICAGO.

The City of Chicago is situated at the mouth of the Chicago River, and near the head of Lake Michigan, in latitude 41° 45' N. and longitude 10° 35' W. and is the largest city in the Northwestern States, excepting Cincinnati and St. Louis. In 1880 Chicago was a mere trading post; and in 1840, it had only 4,470 inhabitants. In 1850, the census returns were 29,968, being an increase of 25,493 within the decade, or at the rate of 570.31 per centum. But it is since the latter year that this young City has made such immense strides to commercial importance, and the figures which have just been returned as the census for 1855, credit this city, of scarce a quarter of a century's growth, with a population of over 80,000. Shewing an increase in less than five years of over 50,000.

(SEE DIRECTORY, PAGE 1.)

COOK COUNTY

Is situated in the N. E. part of the State, and is bounded North by Lake and McHenry Counties, South by Will, East by Lake Michigan, and West by Kane and Dupage Counties. This County was organized in 1831, and has been settled with great rapidity. The surface is undulating, consisting of prairie, groves of timber, and some swamp land. It is watered by the Calumet, Chicago and Desplaines rivers.

CORAL,

Post-Office is situated in the Township of Coral, McHenry County, about 4½ miles S. E. of Marengo, 65 miles W. from Chicago, and 173 miles N. N. E. from Springfield.

CORTLAND,

Post Village, De Kalb County, is situated on the Dixon and Iowa Central Railroad, 6 miles S. of Sycamore, and 55 miles W. from Chicago. Usual fare \$1.65.

ALPHABETICAL LIST OF PROFESSIONS, TRADES, &c.

LUCE CHANCEY, post-master
 Ball & Bros. general dealers
 Campbell Archibald, hotel proprietor

Champlin Horace S. produce dealer
 Coe A. W. produce dealer
 Follansbee & Lawrence, produce dealers

Hall M.
Havens Albert, blacksmith
Smith Robert, wagonmaker

Washburn & Woodley, general dealers
Whitney Hiram, groceries
Wilcox & Young, blacksmiths

COTTAGE HILL,

Post-Office, Dupage County. This village is pleasantly situated on the line of the Galena and Chicago Union Railroad, 16 miles W. from Chicago, and 162 miles N. E. from Springfield. The first settlement was made in 1843, by J. L. Hovey, from near Panesville, Ohio, who built a small house, which he kept as a hotel, it being favorably known by the farmers of the "Fox and Rock River Counties," who then teamed their own produce to Chicago, as the "Hill Cottage." The "Hill" proper, which lies half a mile from the Railroad, on the South side, is a fine prairie knoll, of so easy ascent as to scarcely deserve the name in an eastern conception of the term, but commands as fine a view of prairie cultivated farms, groves, cottages, and Railroad trains as can be seen "in a summer's day." This place being but 15½ miles from the centre of business in Chicago, having good water, pure air, and Railroad trains hourly passing, all of which stop here, must soon become known to those who would find for themselves and families, at a convenient distance from the city, a retreat from the noise and dust of its hot and crowded streets.

ALPHABETICAL LIST OF PROFESSIONS, TRADES, &c.

GLOS ADAM, town clerk	Heise A. W. physician
LITCHFIELD CYRENUS, justice of the peace	Mong Deiterick, general dealer
Filer Thomas, justice of the peace	Ossee Joshua, carpenter

Bates Ansel, assistant R. R. station agent	Tompkins George, carpenter
Grant W. L. general dealer	Weiniebe August, blacksmith
Grant W. W. proprietor hotel	White Hiram, general dealer

COUNCIL HILL,

Post Village, Joe Davies County, is situated near the Western terminus of the Galena and Chicago Union Railroad. This road commenced running to this point in the spring of 1865. Since which time it has rapidly improved. Mining is the principal business carried on at this place. Distant from Galena 7 miles, 164 miles W. from Chicago. Usual fare, \$5.

ALPHABETICAL LIST OF PROFESSIONS, TRADES, &c.

McCallister John, justice of the peace	Ewing Thomas, carpenter
Alderson Rev. Simon, general dealer	Gronner William, boots and shoes
Alderson S. & Co. miners	Harvey William, (town clerk,) general dealer
Arthur Richard, proprietor hotel	James William, carpenter
Birkbeck William, general dealer	Passmore William, blacksmith
Branton Henry, proprietor hotel	Summersides Rev. William, Methodist
Ewing Benjamin, blacksmith	Williams William, proprietor hotel

CRYSTAL LAKE,

Post Village, in the Township of Algonquin, McHenry County. This pleasant little village is beautifully situated on the Lake so called, 45 miles N. W. from Chicago, and 183 miles N. N. E. from Springfield. The Chicago, St. Paul and Fond Du Lac Railroad, lately opened, connects this place with Chicago and Woodstock. A company has lately been organized under the style of the Crystal Lake Ice Company, and operations will be commenced the coming winter.

ALPHABETICAL LIST OF PROFESSIONS, TRADES, &c.

SEARS J. J. town clerk	Dietrick E. B. & Co. general dealers
CRANDALL BERNAN, justice of the peace	Downs Rev. J. V., Congregational

DANBY,

Post-Office, Dupage County, is situated on the Galena and Chicago Union Railroad, 22½ miles W. of Chicago. Usual fare, 65 cents.

DEERFIELD,

Post Village is situated in the Township of Deerfield, which is a fractional Township laying in the S. E. corner of the County of Lake. The village is equi-distant between Lake Michigan and the Desplaines River, 192 miles N. E. from Springfield.

DE KALB.

This Village is situated on the Dixon and Iowa Central (G. & C. Air Line,) Railroad, and near the centre of the County of the same name. Since the Railroad was finished to this point it has grown very rapidly and has lately become a rival of Sycamore for the County seat. Distant 148 miles N. N. E. from Springfield, and 58 miles W. from Chicago. Usual fare \$1.75.

DE KALB COUNTY.

This is one of the finest agricultural districts in the Northern part of the State, and is situated on the summit between the Illinois and Rock Rivers. It was first settled in 1835, by emigrants from New York and Vermont, and was organized in 1837. The soil is extremely rich and well adapted to raising grains. It is drained by the Kishwaukee River, flowing N. W. to Rock River, and by the Fox River and its branches, flowing South to the Illinois. The County embraces eighteen Congressional Townships, and contains twenty-six post-offices, from six of which we furnish reports. A large quantity of wild land is still in second hands for sale, at from five to ten dollars per acre. The County seat is Sycamore, situated on the west bank of the River of the same name.

DERINDA,

Post-Office, in Joe Davies County.

William Johnson, jr., post-master.

DORSET,

Post-Village, in De Kalb County, situated on the East side of Big Indian Creek, 188 miles N. N. E. from Springfield.

DOWNER'S GROVE,

Township and Post-Office, situated S. E. corner Dupage County. Distant 162 miles N. E. of Springfield.

ALPHABETICAL LIST OF PROFESSIONS, TRADES, &c.

HAWNS A. H. town clerk
 TIRTLOT M. B. justice of the peace
 BLANCHARD WALTER, supervisor and attorney
 Belding N. A. blacksmith
 Carpenter & Hatch, general dealers
 Coe T. & J. carriage builders
 Daniels Seth, attorney

Fox George M. physician
 Freeman Rev. —, Baptist
 Fuller Reuben, general dealer
 Sherwood S. P. physician
 Seechor P. blacksmith
 Trumbull Rev. —, Methodist
 Young —, physician

DUNDEE,

Post Village, Kane County. This village is pleasantly situated on the West side of the Fox River, about 4 miles N. of Elgin, with which place it is connected by the Fox River Valley Railroad, which is in course of completion to the State line, distant 30 miles. Distant 48 miles N. W. from Chicago, and 171 miles N. E. from Springfield.

DUNLAP'S PRAIRIE, (See LEYDON.)

DUPAGE COUNTY,

Situated in the N. E. part of the State, was formed from the West part of Cook County, and organized in 1838. It was first settled by a few emigrants from Ohio, in 1832, and has since been rapidly increasing by German emigrants from Pennsylvania and Emrope. The surface of the land in this County presents a very fair intermixture of wood land and prairie, and the soil is of great fertility. The Seat of Justice for this County is located at Naperville, a pleasant little village situated on the west fork of the Dupage River.

ELEROY,

Post Village, Stephenson County. Distant 178 miles North from Springfield.

ALPHABETICAL LIST OF PROFESSIONS, TRADES, &c.

BACON ALANSON, justice of the peace
 WORKEEMER THOMAS, justice of the peace
 Armstrong Daniel, boots and shoes
 Badger Hugh, carpenter
 Bassitt William, proprietor hotel

 Shepherd Asa, physician
 Sprague Abner, quarrier and stone dresser
 Stumps Simon, tailor
 Woodbridge Elliott H. general dealer
 Workhizer John, blacksmith

ELGIN.

This City is delightfully situated on the East and West banks of the Fox River, and, next to Aurora, is the most important point in the County, having a considerable trade by means of the Galena and Chicago, Union and Fox River Valley Railroads, (which unite at this place) with Chicago, Rockford, and other places to the North and West. It is distant 168 miles N. N. E. from Springfield. 42 N. West from Chicago. Usual fare, \$1.25. Population 3,937.

ELGIN BOOK AND NEWS DEPOT,
First Door East Side of the Bridge, Elgin.

The undersigned would beg leave to call the attention of the Gentlemen and particularly of the Ladies of Elgin and the Country, to his having just opened the above Book and News Establishment, where a general assortment of the latest published Works, all kinds of Stationery Goods, Drawing Materials, Paints, School Books, Magazines, Periodicals, Papers, &c., &c., will be constantly kept on hand; and that relying upon the patronage, and the general desire of the Citizens, as manifested, to have and support in their midst such a place and such an establishment, he hopes to be able to realize all that he had been thus led to hope for and expect. On his part, he can assure them there will be nothing lacking, and all that politeness and a courteous demeanor can aid and accomplish, will be done and effected.
 Yours, Fellow Citizens, with respect, E. O. OLD.

FREEPORT.

This City, the capital of Stephenson County, is situated on the South side of the Pecatonica River, 168 miles N. from Springfield, and 121 miles West from Chicago. The first house in Freeport was erected by William Baker in 1835, or about 20 years ago, during the following year a number of settlers came and located in this place. It is now a city, as a charter was obtained at the recent Session of the Legislature, and being neighbored by fine mineral as well as agricultural lands, must eventually become a point of very considerable importance. Situated at the junction of the G. & C. U. & I. C. Railroads, it has direct connection with Chicago on the East, Galena on the West, and St. Louis and Cairo and the South. There are three weekly papers published here. The great coal fields of Illinois, lie directly on the line of the Illinois Central Railroad, distant about 75 miles, and will, ere long, prove a great source of wealth to the citizens of Freeport. Besides a large number of public buildings, manufactories, Depots, Station houses, &c., it contains 9 Church edifices, in all of which services are held, also three schools, largely attended and in a flourishing condition. Population about 5,000.

GENEVA.

The County town of the County of Kane, is very beautifully situated on the West side of Fox River, 157 miles N. East by North of Springfield, the G. & C. air line Railroad to Dixon and Fulton crosses the Fox River at this point, 40 miles West from Chicago. The village is new, but rapidly improving, and its pleasant and healthy location attracts quite a large number of visitors during the Summer months. Population about 1,500.

JO DAVIESS COUNTY,

Occupies the North-West corner of the State, and includes the best settled part of the Lead Mine region within the limits of Illinois. It is bounded on the North by Wisconsin, South by Carroll, East by Stephenson County, and West by Mississippi River. It was settled in 1820 by emigrants from the Southern States, and was organized in 1827, and named in honor of a distinguished General who fell at the battle of Tippecanoe. The surface of the country in this

County is hilly and the soil abounding in lead and copper ore, of the former of which no less a quantity than 38,000,000 lbs. were exported in 1851. Copper of excellent quality is abundant, considerable silver and even gold has been found; and limestone, sandstone and freestone exist throughout the county. Capitol, Galena, situated on Fevre River.

JUNCTION,

Post Village, Dupage County, is situated 30 miles West from Chicago and $4\frac{1}{2}$ East from Geneva. This place derives its name from the junction of the Chicago & Burlington and Dixon & Iowa Central Railroads, with the Galena & Chicago Union Railroad.

ALPHABETICAL LIST OF PROFESSIONS, TRADES, &c.

Johnson J. D. master mechanic G. & C. U.
Railroad
Ketcher —, general dealer

Lakely J. H. blacksmith
McDonald Joseph, general dealer
MOREY J. W. postmaster
Winslow C. W. station master

KANE COUNTY.

Is situated in the North-East part of the State and is bounded on the North by McHenry, on the East by DuPage and Cook, on the South by Kendall, and on the West by DeKalb County. It was formed from the attached portion of LaSalle County, and organized in 1836.— This is in every respect one of the finest Counties in the State. It is watered by Fox River and its branches, all of which are excellent mill streams. It is a superior farming County, the surface generally level or rolling and the soil of great fertility. There are ten dams thrown across Fox River alone, within the County, and the immense water power thus obtained, must prove a never ending source of wealth to the citizens. County Seat, Geneva. The other principal towns are Aurora, Elgin, St. Charles, Batavia, and Dundee, the two former of which have a united population of about 8,000.

KANEVILLE,

Kane County. This Village is situated in a township of the same name, in one of the best agricultural parts of the County. Distant 150 miles N. N. W. from Springfield.

KISHWAUKEE,

Post Village, Winnebago County, is a thriving little place, situated at the junction of the Rock and Kishwaukee Rivers, 163 miles N. N. E. from Springfield.
(SEE NEW MILLFORD.)

KOSSUTH,

Is situated in the township of Manchester, Boone County, 185 miles N. by E. from Springfield.

LAKE COUNTY,

Lies at the extreme North-East corner of the State and is bounded on the North by Wisconsin, on the East by Lake Michigan, on the South by Cook, and Westward by McHenry County, being about $23\frac{1}{2}$ miles long and $19\frac{1}{2}$ miles wide, and contains an area of about 460 square miles. It derives its name from its situation upon Lake Michigan as well as from the great number of small lakes contained within its borders. It was originally a part of McHenry County, and was first settled in 1833, but did not increase very rapidly in population until 1835-6. The surface of the land in this County is gently undulating, with a fair proportion of timber to the prairie. On the 5th of April, 1841, the County Seat was moved from Libertyville where it had been previously located, to Littlefort (Waukegan), where it has since remained.

 Stowell B. wooden ware

McHENRY COUNTY.

This County is bounded on the North by Wisconsin, on the East by Lake, on the South by Kane and DeKalb, and on the West by Boone County. It was first settled in 1836, by emigrants from New York and the New England States. It has a very fertile soil, well adapted to the growth of wheat, and is well timbered. It is watered by Fox River and numerous small lakes in the interior. Some of these lakes have limpid water, gravelly beds, with ridges of sand round them. This County also abounds with beautiful groves and oak openings. Since the opening of the Chicago, St. Paul and Fond Du Lac, and Fox River Valley Railroads, the prospects of the County are much improved, and it is now increasing rapidly in population and agricultural wealth. County Seat is Woodstock.

McHENRY,

Post Office, McHenry County.

NAPERVILLE,

Post Village, and County Seat of Dupage County, is pleasantly situated on the East bank of the Dupage River, at a distance of eight and a half miles S. W. of Wheaton's Station on the Galena & Chicago Union Railroad, with which place there is regular connection by stage twice a day. The first house was built in 1832, since which time, owing to many local causes, the growth has not been very rapid. A large proportion of the population of this village are Germans, or Pennsylvania Dutch, as they are called. Distant 161 miles N. E. by N. from Springfield, 28 miles W. by S. from Chicago. Population about 1700.

DU PAGE COUNTY NURSERIES,

NAPERVILLE.

LEWIS ELLSWORTH & CO., Proprietors,

HAVE the pleasure to offer at Wholesale and Retail to the Public, one of the largest and best selected assortments of

FRUIT & ORNAMENTAL TREES, SHRUBS AND PLANTS,

Ever before offered West of the Lakes. They have added largely during the past year, and shall continue to do so, by importations from Europe and elsewhere, and by propagation of their stock. A large supply of STANDARD and DWARF APPLE TREES, of all the desirable sorts. The stock of PEAR TREES embraces the largest variety, and some of the largest trees, both dwarf and standard, ever before offered at the West; amongst which are some of the newer French, Belgium, and American varieties. Many of the trees are set with fruit buds.

OF CHERRY TREES they have a large and fine supply, and all the desirable varieties, embracing most of Dr. Kirtland's new sorts. We have also a large stock of extra-sized MAZZARD CHERRY TREES, a profitable market fruit—a variety that should be extensively planted out, as it is a free bearer, and one of the handsomest formed trees of the whole cherry family. PLUM and PEACH TREES. Choice varieties of QUINCE TREES. GRAPES, of the following varieties: Catawba, Clinton, Isabella, and new German Grape, recently introduced into this country from Germany, and cultivated only by us. Fruit large and finely flavored; vines hardy and productive. Also, the following new varieties: Concord, Coles' Seedling, Diana, and Muscadine.

CURRENTS: Black Naples, Black English, Black and White Dutch, Red Cherry, White Grape, Houghton Castle, &c. Every Garden should be well furnished with this fruit—none more healthy when ripe. We have gathered in one season over twenty bushels of the Red Dutch from less than four rods square. A rich soil and good cultivation is required.

GOOSEBERRIES and RASPBERRIES, best sorts. STRAWBERRIES, of the best varieties. This is a fruit produced with little care or expense, and none more delicate. ASPARAGUS ROOTS, largest sort.

RHUBARB, or PIE PLANTS, of the following and other varieties: Giant, Hybrid Linnaeus, Mammoth, Tobolsk, Victoria, &c.

Stock for Nurserymen. Scions of Fruit Trees. Osage Orange Seed and Plants.

In the ORNAMENTAL DEPARTMENT, we have a choice selection of

TREES, SHRUBS, AND PLANTS,

IN PART, AS FOLLOWS:

Horse Chestnut; European and American Mountain Ash; Golden Chain; Tulip Trees; European Larch; Silver-Leaved Maple; Silver-Leaved Poplar; Altheas; Deutzia; Syringas; Japan, or Flowering Quince; Lilacs, of the different varieties; Double-Flowering Almond; Snow-Balls; Spireas, several new and choice varieties; African Tamarix; Deciduous Cyprus; Evergreens; Honeysuckles, &c.

Our stock of ROSES consists of over 50 varieties, a majority of which we imported from Europe last year.

Our DAHLIAS are not equalled for choice and new varieties. We were awarded the highest premium by the Illinois State Agricultural Society, at its Fair held at Springfield, in October, 1854, for the best show of Dahlias.

PEONIES, both tree and herbaceous—a large and choice variety.

PHLOX—Verbenas—some 16 new varieties; Hyacinths; Tulips; Gladiatus, and other Bulbous Roots.

Our Trees are healthy and vigorous, propagated and cultivated with care, regarding their early fruitfulness and hardiness. We use no stimulating manures, to crowd them into a tender overgrowth.

All articles purchased of us, if desired by the purchaser, will be delivered on some railroad, free of charge for cartage.

All Trees, Shrubs, Plants, &c. sold by us, will be correctly labelled and carefully packed in boxes and bundles, to bear transportation to any distance.

We publish a Wholesale and Descriptive Catalogue, which will be sent to all post-paid applications.

LEWIS ELLSWORTH & CO.

ROCKFORD *

The County Seat of Winnebago County, is beautifully situated at the *rock ford*, or head of the rapids on Rock River, whence it takes its name. The river divides the City into two divisions of very equal size, known as East and West Rockford, connected by a substantial wooden bridge.

The first permanent settlement by immigration to the County was made on the West side of the river, by Germanicus White, in the Autumn of 1835. The site of the present City of

* We have been reluctantly compelled to abridge the valuable communications forwarded by WM. HULIN, Esq., to whom we feel indebted for many favors during the canvas and completion of this work.

Rockford, on both sides of the river, remained the property of the United States Government until 1843, when it was purchased by the settlers, at \$1.25 per acre. Since that time, but more especially since the completion of the Galena & Chicago Union Railroad to this point, in 1858, the progress of the City has been very rapid, and it now bids fair to be the largest City in Northern Illinois, between Chicago and the Mississippi.

The Galena & Chicago Union Railroad crosses the river, over a handsome stone bridge, about a quarter of a mile below the City.

Besides extensive works for the manufacture of steam engines, reapers, wagons, ploughs, and all kinds of agricultural implements, (the most extensive of which is the celebrated Reaper Manufactory of Messrs. Manny & Co., situated immediately below the Railroad bridge, which gives employment to about 150 men, and turns out from three to five hundred machines annually,) there is an extensive Starch Factory, lately commenced, and several grist and saw mills in successful operation. The City (incorporated in 1852,) also contains eleven buildings for public worship, several excellent schools, and three good hotels. In the immediate vicinity of the City there are extensive quarries of excellent cream colored limestone, added to which several brickyards and a good lumber market, afford all the materials for good substantial buildings. Owing to its pleasant and healthy location on one of the most beautiful rivers in the West, Rockford presents unusual attractions to tourists and pleasure seekers, during the Summer months. Distant 170 miles N. by E. from Springfield, and 92 miles N. W. from Chicago. Population about 6,500. Usual fare from Chicago, \$2.75.

J. H. MANNY'S
PATENT ADJUSTABLE
REAPER AND MOWER COMBINED,
AND SINGLE MOWER.

SECURED TO JOHN H. MANNY BY 12 PATENTS IN THE UNITED STATES.

ALSO, PATENTED IN EUROPE.

MANUFACTURED BY MANNY & CO., ROCKFORD.

These valuable Machines are constantly being manufactured. A large number are being made for the coming harvest; several *thousand* have been constructed during the past seasons, and used with *entire success*, yet the demand has not been half supplied.

FORTY FIRST-CLASS PREMIUMS have been awarded to Mr. Manny for the superiority of his Machines over all others, in the frequent trials it has had with them, including every Machine that has any claim to reputation.

A **WARRANTY** is given to each purchaser that the Machine is well built, and of good materials; and that it will Mow as well as can be done with the Scythe, and Reap as well as can be done with the Cradle.

The Machine is drawn by two horses, and managed by one person for mowing, and two persons for reaping; and is also warranted to cut from ten to fifteen acres per day.

TWO KNIVES—one a sickle, the other a smooth edge—are furnished with each Machine, either of which may be used as required.

THE TWELVE PATENTS of John H. Manny for Reaping and Mowing Machines embrace the Combination of the reel for gathering the Grain to the Cutting Apparatus and the forker's position; the Adjustability of the Machine; the Guard Fingers, the manner of attaching the Guard Fingers, the Dividers, the Trucks, the Adjusting Lever, the Frame Work, the Diagonal Braces, the supporting of the outer end of the Cutter Bar, the Arrangement of the Small Wheel, the Arrangement of the Driving Wheel, or other Wheel and Track Scraper; the Gathering Wings, and forker's position; the Removable Platform, the Sickles and Smooth Edge Knives, the Flexible Joint, and Coupling, &c. &c.,—giving to this Machine immense superiority.

OUR EXTENSIVE MANUFACTORY

Is located on Rock River, in the City of Rockford, Ill.;

and, having an unsurpassed water-power, and every facility necessary for the manufacture of Manny's Patent Adjustable Reaper and Mower, we are enabled to supply all orders for the same with promptness and with a perfect Machine.

We shall endeavor to keep constantly on hand from

THREE TO FIVE HUNDRED MACHINES,

to meet single and wholesale orders; yet it is preferable that orders should be given in season to secure Machines. [SEE OTHER SIDE.]

We find that *Manny's Patent LOZENGE OR DIAMOND SICKLES AND SMOOTH EDGE KNIVES* are unequalled for cutting all kinds of grass and grain, while his *PATENT GUARD FINGERS* afford ample protection to the knives, prevent clogging, and admit of either the *sickle* or *smooth edge* being used as may be required, which cannot be said of any other Machine. His *PATENT OBLIQUE PLATFORM*, and *side gathering wing* affords (as now constructed) an arrangement for discharging the grain superior to all other modes heretofore in use. *Manny's Patented Adjustable arrangement* for controlling the height of the cutters, and allowing them to conform to the surface of the ground, is considered by all who have used the Machine to be so exceedingly perfect and indispensable a feature, as to show a glaring defect in all other Machines without it. The other features of this Machine we find elicit general admiration.

Strenuous efforts have been made with all the various kinds of Reapers and Mowers in use to compete with *Manny's Machine*, but they have universally failed. Recently the obsolete idea of self-raking machinery has been sought to be revived; yet the modern specimen, *Atkins' Patent*, on a thorough trial with *Manny's Machine* the past season, came far short of its claims; but inevitably failed in competition, and failed to win the PRIZE AT STAKE OF

FIFTEEN HUNDRED DOLLARS !!!

proving beyond question the impracticability of self-raking; while *Manny's Machine* will ever continue to excel all others in simplicity of construction—in facility of management, and by its perfect adaptation to *uneven grounds*—by its means of adjustability to various heights of cutting, with a single simple lever at the driver's seat—by the use of either a *sickle* or *smooth-edged knife*, and composed of *Patent lozenge-shaped blades*, which prevent clogging—by the peculiarity of the guard fingers, being of the most scientific construction, and practical utility—by their shape and *sharp edges* assisting the cutters materially—by the *recesses* in their sides, facilitating the escape of all loose matter, so as to render *clogging impossible*—by their width, affording greater protection to the knives—by its lightness of draft for *Two Horses*—by having *no side draft*—by the easy method of changing from Reaping to Mowing, and *vice versa*, only to insert or remove the *loose oblique platform*—by its portableness from field to field and place to place, *upon its own wheels*—not having to be loaded upon a wagon or other vehicle, as is the case with some other Machines—by its efficiency and superiority in the execution of the work, *over hand labor and other implements*—and the rate of ten to fifteen acres per day, easily managed by one person for mowing and two for reaping—and by its being the best, by its adaptation to cutting all kinds of grass and grain, in every condition, wet or dry, lodged or otherwise, and to cutting flax or gather the seed, and also timothy and clover seed—and by its being

The only Successful Combination of Reaper & Mower in the World,

AS WELL AS BEING

THE BEST MACHINE FOR EITHER PURPOSE!

The numerous awards, and the great success of *Manny's Machine* during eight or nine years past, with several thousand of them in use, together with certificates and testimonials received from reliable farmers throughout the country, are sufficient evidence that no farmer should be without one or more of *these Machines*—and we are determined by their low price and extensive manufacture to place them within the reach of all.

We hereby tender our acknowledgements to the farmers throughout the country, for their good sense in purchasing *Manny's Machine* in variably after (if not before,) they have examined it.

Our Factory is constantly turning out from ten to twenty Machines per day, and with which we supply the following States and Territories, and ship Machines to any place where ordered, on any railroad, canal, navigable stream, or lake, in Illinois, Wisconsin, Michigan, Northern Indiana, Iowa, (except the two southern tier of counties,) Western Pennsylvania, Western New York, in the counties of Erie, Chautauque, Cattaraugus, and Alleghany, Minnesota, California, Oregon, Nebraska, Arkansas, Texas, and the Canadas.

THE PRICE OF MACHINES with transportation added, are:

For Two Horse Machine of about Five Feet Cut,.....	\$135.00
For Four Horse Machine of about Six Feet Cut,.....	\$145.00
For Single Mowing Machine of about Five Feet Cut,.....	\$120.00

On Terms one-half Cash on delivery, and balance in six months, or the first of December following. A very Liberal discount made for all Cash.

STEPHENSON COUNTY,

Extending along the Northern boundary of the State, was first settled in 1835, by emigrants from Pennsylvania, New Ybrk, and Ohio, and was organized in 1837. It was formed from Jo Daviess and Winnebago Counties, and is bounded North by Wisconsin, South by Carroll and Ogle Counties, East by Winnebago, and West by Jo Daviess County. It is watered by the Pecatonica and its branches on the North, and the heads of Plum Creek and other small streams on the S. West. The surface of the country in this County is mostly a rich and undulating prairie, with occasional oak openings. It is, however, in many parts well timbered, and is one of the best agricultural Counties in the State. The lead region extends into this County. The County Seat is located at Freeport, on the G. & C. U. Railroad.

STERLING,

The County town of Whitesides County, situated on the North bank of Rock River, is remarkable for its immense water power. This power unrivalled in the West, and rarely surpassed in the Union, was obtained by the costly improvement of the rapids of the river at this point; it is estimated at 50,000 inches, and with the present head (capable of being greatly increased) of 7 feet, to be equal to 300 horse power, sufficient to drive from 500 to 600 run of stone. Among the advantages of the place are a very fertile surrounding country, proximity to the coal fields, and the passage through the town of the Dixon and Iowa C. R. R. (G. & C. Air Line R. R.) by which the distance to Fulton, on the Mississippi, is 25 miles, to the intersection with the "Illinois Central" at Dixon 11 miles. The population is increasing with great rapidity; in February 1855 it was 630, July first of the same year, 1741. Distant from Chicago 110 miles. Usual fare, \$3.40.

SYCAMORE,

Post Village, and County Seat of De Kalb County, is pleasantly situated on the left bank of the river so called, and surrounded by a fine open prairie. Laying as it does at some distance from any Railroad, and dependent altogether for trade upon the farmers throughout the county alone, Sycamore does not present any of that brisk and business like appearance common to most Western towns and villages. There are several substantial stores, three church edifices, and two hotels. The Republican Sentinel, the weekly County paper, is also published here. Distant from Cortland, (on the Dixon & Iowa C. R. R.) 7 miles. Usual stage fare, 25 cents. Distant from Chicago 62 miles. Usual fare, \$2. Population about 1,600.

WAUKEGAN,

The County seat of Lake County, is very pleasantly situated in the Township of the same name, upon a rising piece of ground overlooking Lake Michigan.

It was laid out in the Spring of 1841, and was formerly called "Little Fort." For health and beauty of location this young City has very few rivals in the State, and since the completion of the Lake Shore Railroad, connecting it with Chicago on the South, and Milwaukee on the North, it has rapidly increased in population and commercial importance. It has connection also with the above and other ports on Lake Michigan, by means of steamboats and propellers, for which its commodious harbor and piers afford a safe and easy landing. Besides several substantial stone and brick blocks, it contains five church edifices and a large and convenient public hall. The county paper is published here weekly. Distant from Chicago 40 miles. Population about 8,000.

WINNEBAGO COUNTY,

Situated in the Northern part of the State, is bounded on the North by Rock County, Wis., consin, South by Ogle, East by Boone, and West by Stephenson County.

It was first settled in 1835 by emigrants from the Eastern States, and organized in 1836. The County extends on both sides of the Rock River, which traverses it nearly from North to South, and furnishes an immense water power, especially at the rapids, where the city of Rockford stands. The other streams are the Pecatonica, on its Western border, and the Kishwaukee watering its South-Eastern parts, both of which abound in good mill seats.

This is a very fine farming County, the produce raised finding a ready market by means of the Galena & Chicago Union Railroad which passes right through the entire length of the County. The surface of the County is undulating, and the soil a deep rich mould. This is common with almost all Counties in the Northern part of the State, is rapidly filling up with an industrious and enterprising population. Capitol, Rockford, situated on Rock River.

WINNEBAGO,

Township, Winnebago County.

WOODSTOCK,

The County Seat of McHenry County, is pleasantly situated on a piece of rising ground, in the geographical centre of the County. The corporation is limited to one mile square. It was incorporated in the year 1852, and is divided into two wards. It contains several good stores, three hotels, and two newspapers, published weekly.

The Chicago, St. Paul & Fond Du Lac Railroad has just been completed to this place. Distant from Chicago 51 miles. Usual fare, \$1.50. Population about 2,000.

HESLER'S PHOTOGRAPHIC & FINE ART GALLERY,

Nos. 22, 24, 25 & 27 METROPOLITAN BUILDING, LASALLE ST.

THIS IS
THE MOST EXTENSIVE ESTABLISHMENT OF THE KIND IN THE WORLD.
Fitted-up and Arranged without regard to cost.

The arrangements are so complete in each department, and the variety of talent so combined, that the FINEST GEMS in EVERY STYLE of PORTRAITURE are produced in their highest perfection.

TAKEN DAILY, EVERY KIND OF
DAGUERREOTYPES ON SILVER AND GLASS PLATES.
STEREOSCOPE, OR SOLID DAGUERREOTYPES.
PHOTOGRAPHS, OR DAGUERREOTYPES,
ON PAPER, IVORY, AND CANVAS,
PLAIN, LIKE ENGRAVINGS, OR COLORED IN OIL, PASTEL, OR WATER COLORS,
BY THE MOST SKILFUL ARTISTS IN THE COUNTRY,
AND OF EVERY SIZE,

From the Smallest Miniature to Full Life;

Thus combining all the beauty of the Painting with the perfection of the Daguerreotype, and at the same time at such prices as to bring them within the reach of all.

THE GREATEST PRIZE

or the most beautiful given to the Subscriber, at the WORLD'S FAIR, and every other Fair where exhibited.

By visiting the beautiful, can spend an hour more pleasantly or profitably, viewing the Gems in this Gallery. The Reception Rooms, entrance No. 22, are always open the day, and all are welcome to call and see.
